

September 2<sup>nd</sup>, 2020

Beginning on Wednesday, October 7<sup>th</sup>, we will be holding weekly sessions to edit and develop the protocols for the Region. This invitation is open to anyone in the BREMS EMS community. Here are some of the details:

- Every Wednesday 1500-1630
- In person or virtual attendance
- If you plan to attend in-person, we need you to RSVP to [jkersey@vaems.org](mailto:jkersey@vaems.org) so we can have a room big enough
- If you cannot attend, you can call, email or text me or BREMS to share your views
- In case you miss the initial discussions, once a draft is complete it will be posted on the BREMS website for comment before it is finalized
- There is a section on the BREMS website (Protocols & Regional Guidelines>2020-21 Review Schedule) where the schedule for discussion will be posted so you can contribute according to your interests.
- These meetings will be very content rich. We will post an agenda beforehand to make sure that everyone is aware of topics that need to be covered. By the end of the first few weeks, I anticipate that we will have multiple protocols in play with revisions and research, and depending on the load we may spread out the schedule to make sure every protocol gets good consideration.

I'm looking forward to getting started!

Wendy

Wendy J. Wilcoxson, DO, MBA, NRP  
Regional Medical Director  
Blue Ridge EMS Council  
1900 Tate Springs Road, Suite 14
